

April Council Highlights

Council meeting was opened with a Zoom connection. I think that was a first for devotion from all of us. We did a quick check in with everyone before the meeting started. Thankfully everyone appears to be doing well. Pastor Pam opened with devotion and prayer. Minutes and e-reports were accepted.

Brenda Engdahl reported that the nomination committee has been working hard to identify council candidates for the congregational meeting in June. They are close to having a full slate of candidates. If you are asked to serve please give it your careful consideration.

Vince Snowbarger reported that the Worship Committee is ready to make an offer for our music director. Council approved the offer.

Chuck Anderson had council review several financial topics that included a proposal for using an online option for contributions to the church. It is called Tithe.ly (*see page three for more information*).

Pastor Pam's annual performance review was scheduled.

Stay safe wherever you are and hope to see you soon.

Tom Chase, Council Chair
